Available for free in Chrome, Firefox, Brave, Edge, Opera and all Chromium-based browsers supporting Chrome extensions.

Install on mobile

Install on iOS iOS 12.2 or later

Install on Android Android 5.0 or later

1 Start by downloading Tresorit from tresorit.com/download

Free download for Windows

Windows 7 or later

Not on a Windows? Download for [Mac](#) or [Linux](#)

- 1 Download the Tresorit app
- 2 Migrate your data
- 3 Start using the Drive from your File Explorer

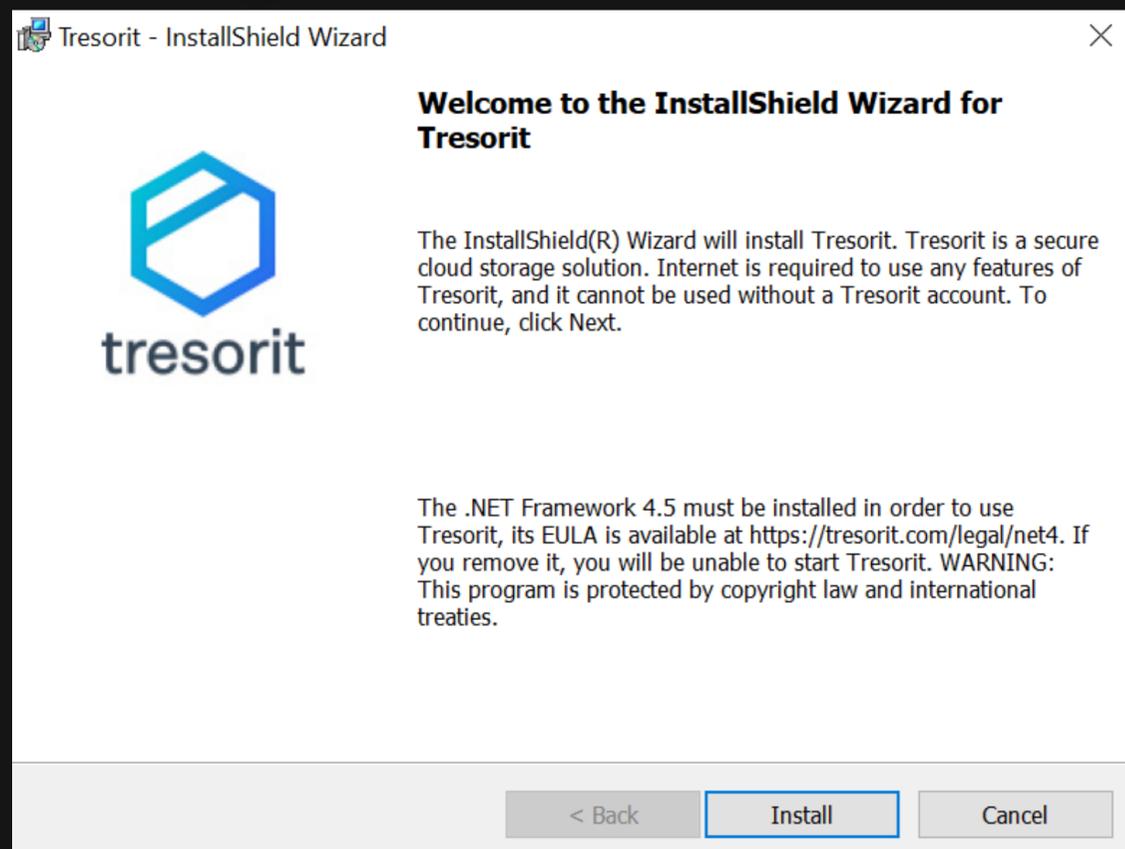

The screenshot shows the Tresorit website's download page. The browser address bar displays 'tresorit.com/download'. The website header includes the Tresorit logo and navigation links for Products, Enterprise, Industries, Resources, Pricing, and Compliance. A 'Log In' button and a 'Get Started' button are visible in the top right. The main content area features a large blue banner with the text 'Download Tresorit for free to get started'. Below this, there are sections for 'Tresorit for Outlook & Gmail' with corresponding icons and buttons. A yellow callout box with the number '2' and the text 'Follow the install guide.' is positioned over the banner. A white overlay box titled 'Thank you for downloading Tresorit! Follow these steps to get started:' contains three numbered steps: 1. Start the Tresorit installer. (Image: Tresorit.exe file icon), 2. Follow the steps in the installer. It only takes a minute. (Image: Welcome to the InstallShield Wizard for Tresorit), and 3. Open the Tresorit application and create your account. (Image: Sign-up form with password and confirm password fields). At the bottom of the overlay, there is a 'Not on a Windows?' link and a 'Tresorit.exe' file icon with an upward arrow and a close button.

- 1 Download the Tresorit app
- 2 Migrate your data
- 3 Start using the Drive from your File Explorer

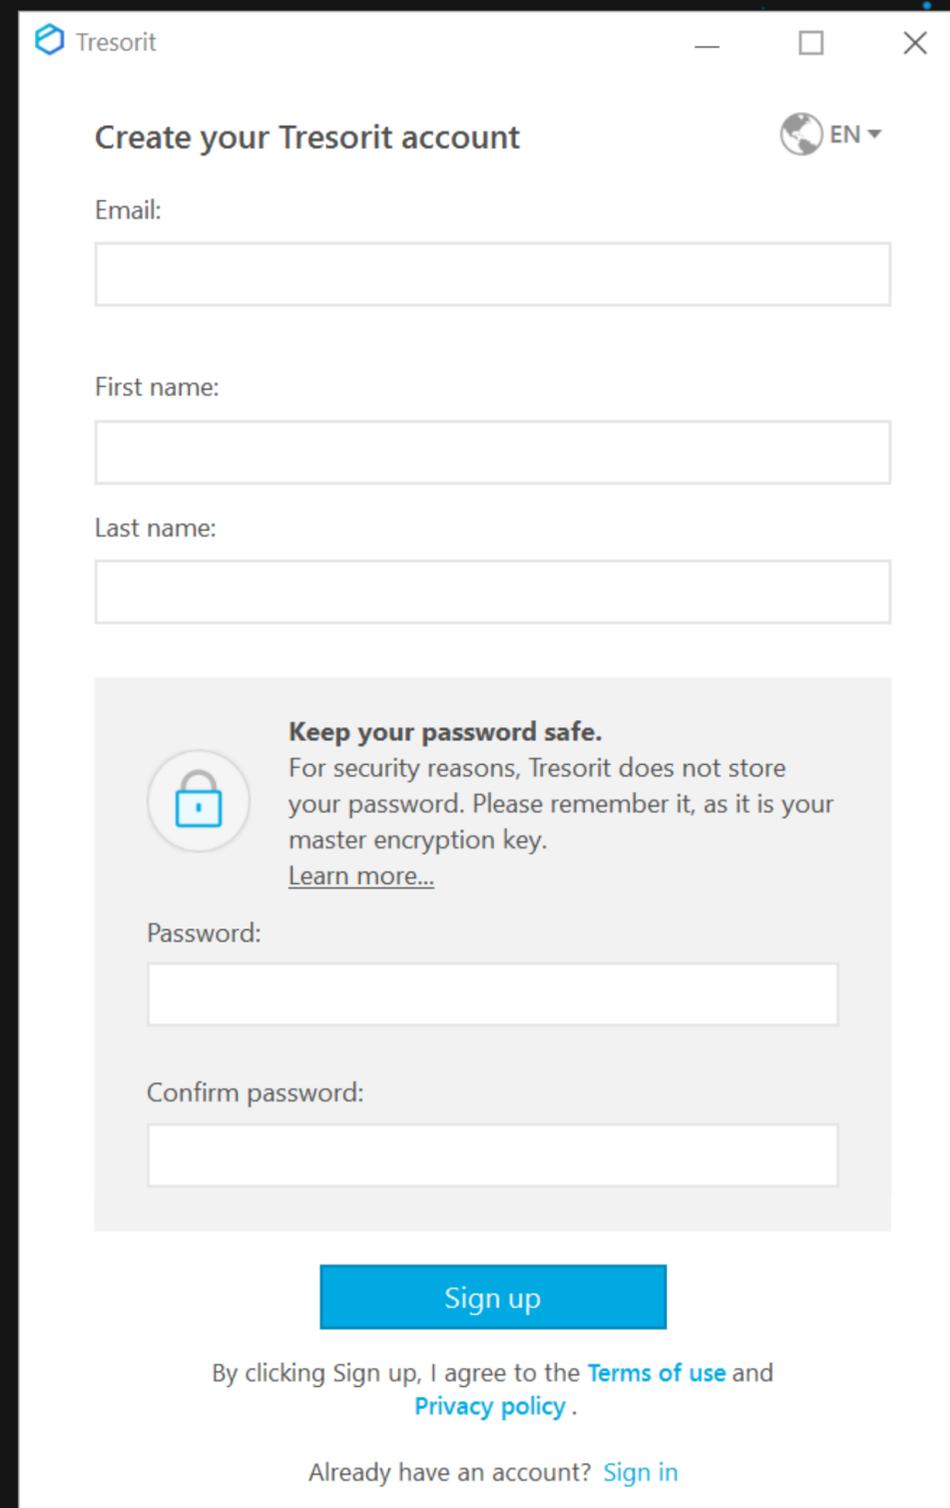

3

Follow Tresorit's installation wizard.

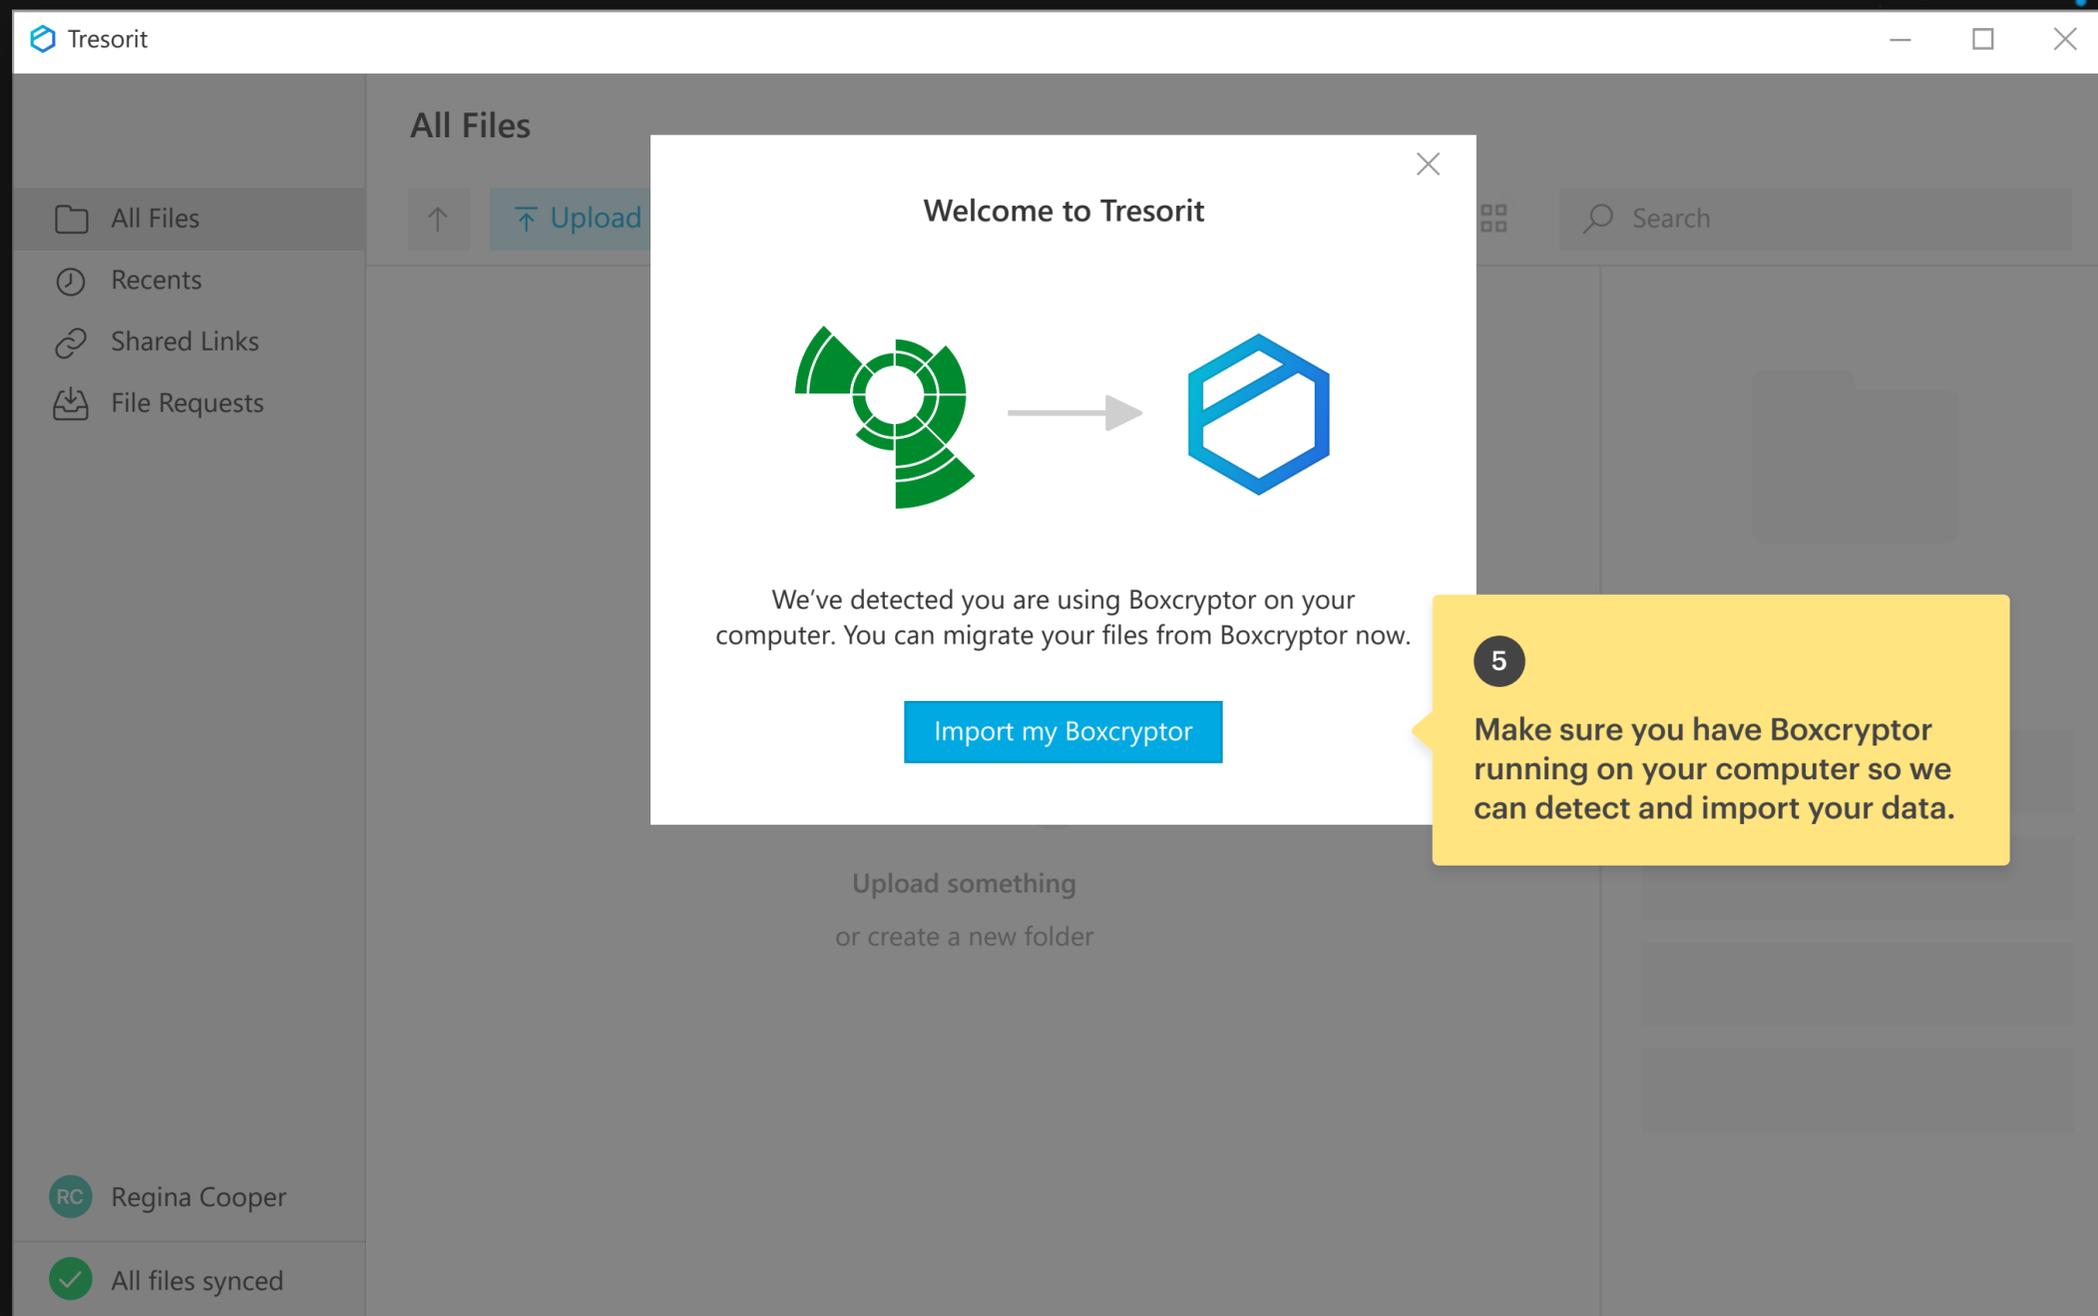

4

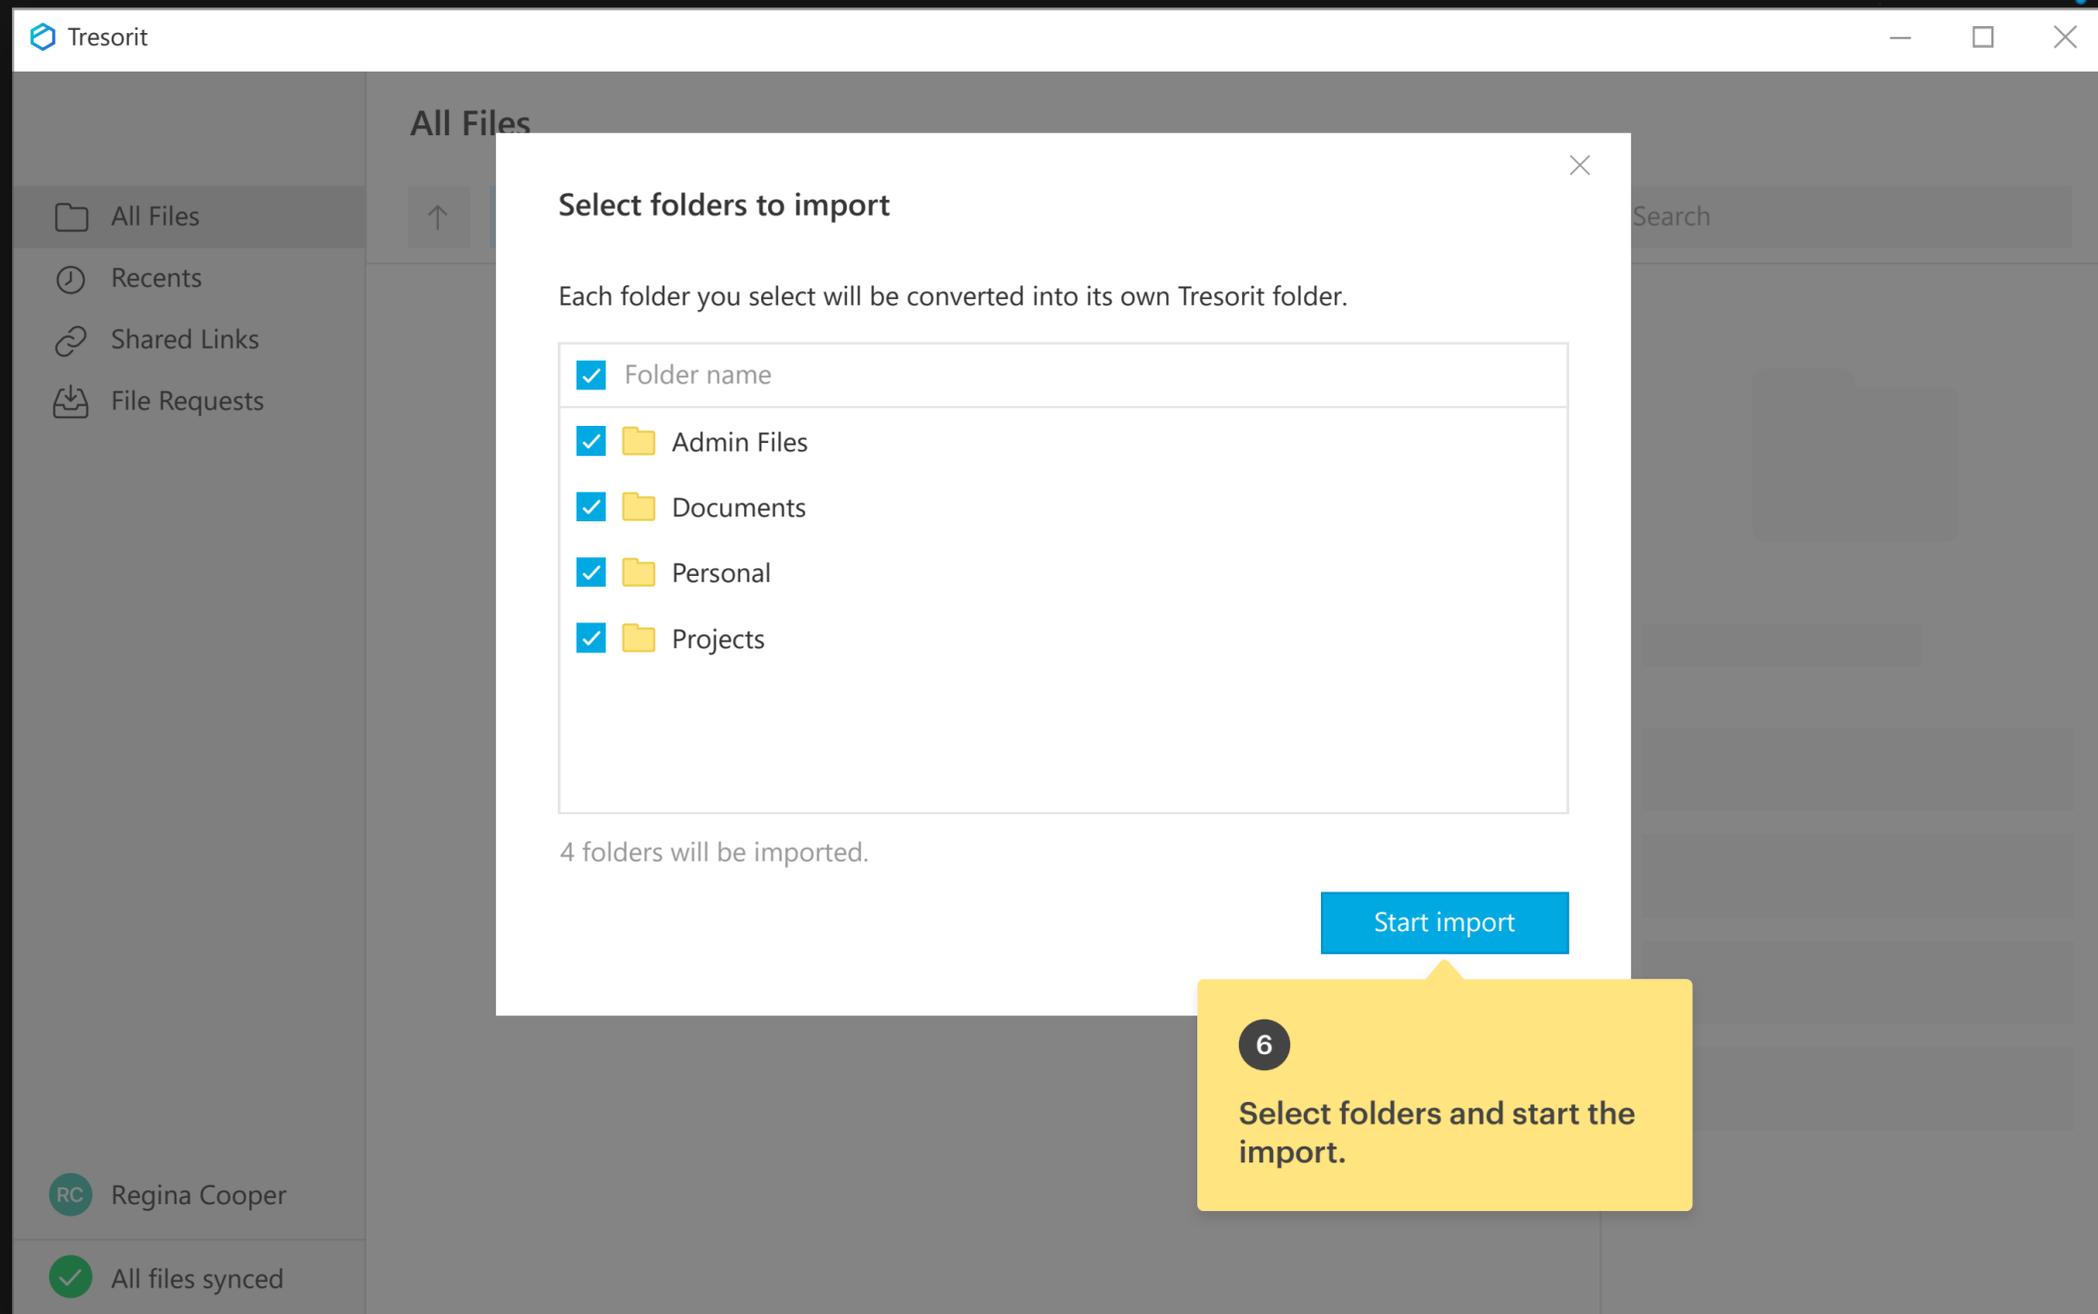

Create your Tresorit account.

The screenshot shows the Tresorit application window titled "Tresorit". The interface includes a sidebar on the left with navigation options: "All Files", "Recents", "Shared Links", and "File Requests". The main area is titled "All Files" and contains a toolbar with "Upload", "Create Folder", and "Show deleted" buttons, along with a search bar. Below the toolbar is a table listing folders:

Name	Sharing	Modified	Size
Admin Files	Not shared		1.1 GB
Documents	Not shared		1.2 GB
Personal	Not shared		1 GB
Projects	Not shared		1.3 GB

At the bottom left, a yellow callout box with the number "7" contains the text: "You can check the import status by hovering over the bottom left corner of your Tresorit app." Below this, a notification bar shows "4 transfers" and a progress indicator for "4 items" being "Uploading to All Files".

The screenshot shows the Tresorit application window. In the background, the 'All Files' view is visible with a sidebar containing 'All Files', 'Recents', 'Shared Links', and 'File Requests'. A modal dialog titled 'Select folders to import' is open in the center. The dialog contains the following text and options:

Select folders to import

Each folder you select will be converted into its own Tresorit folder.

- Dropbox folders
 - Admin Files
 - Documents
 - Personal
 - Projects
- OneDrive folders
 - Photos
 - Templates

4 folders will be imported.

[Start import](#)

A yellow callout box on the right side of the dialog contains the following text:

8
In case you have more providers running on your computer, all of them will be listed here.

At the bottom of the Tresorit window, the user's name 'Regina Cooper' and a status indicator 'All files synced' are visible.

- 1 Download the Tresorit app
- 2 Migrate your data
- 3 Start using the Drive from your File Explorer

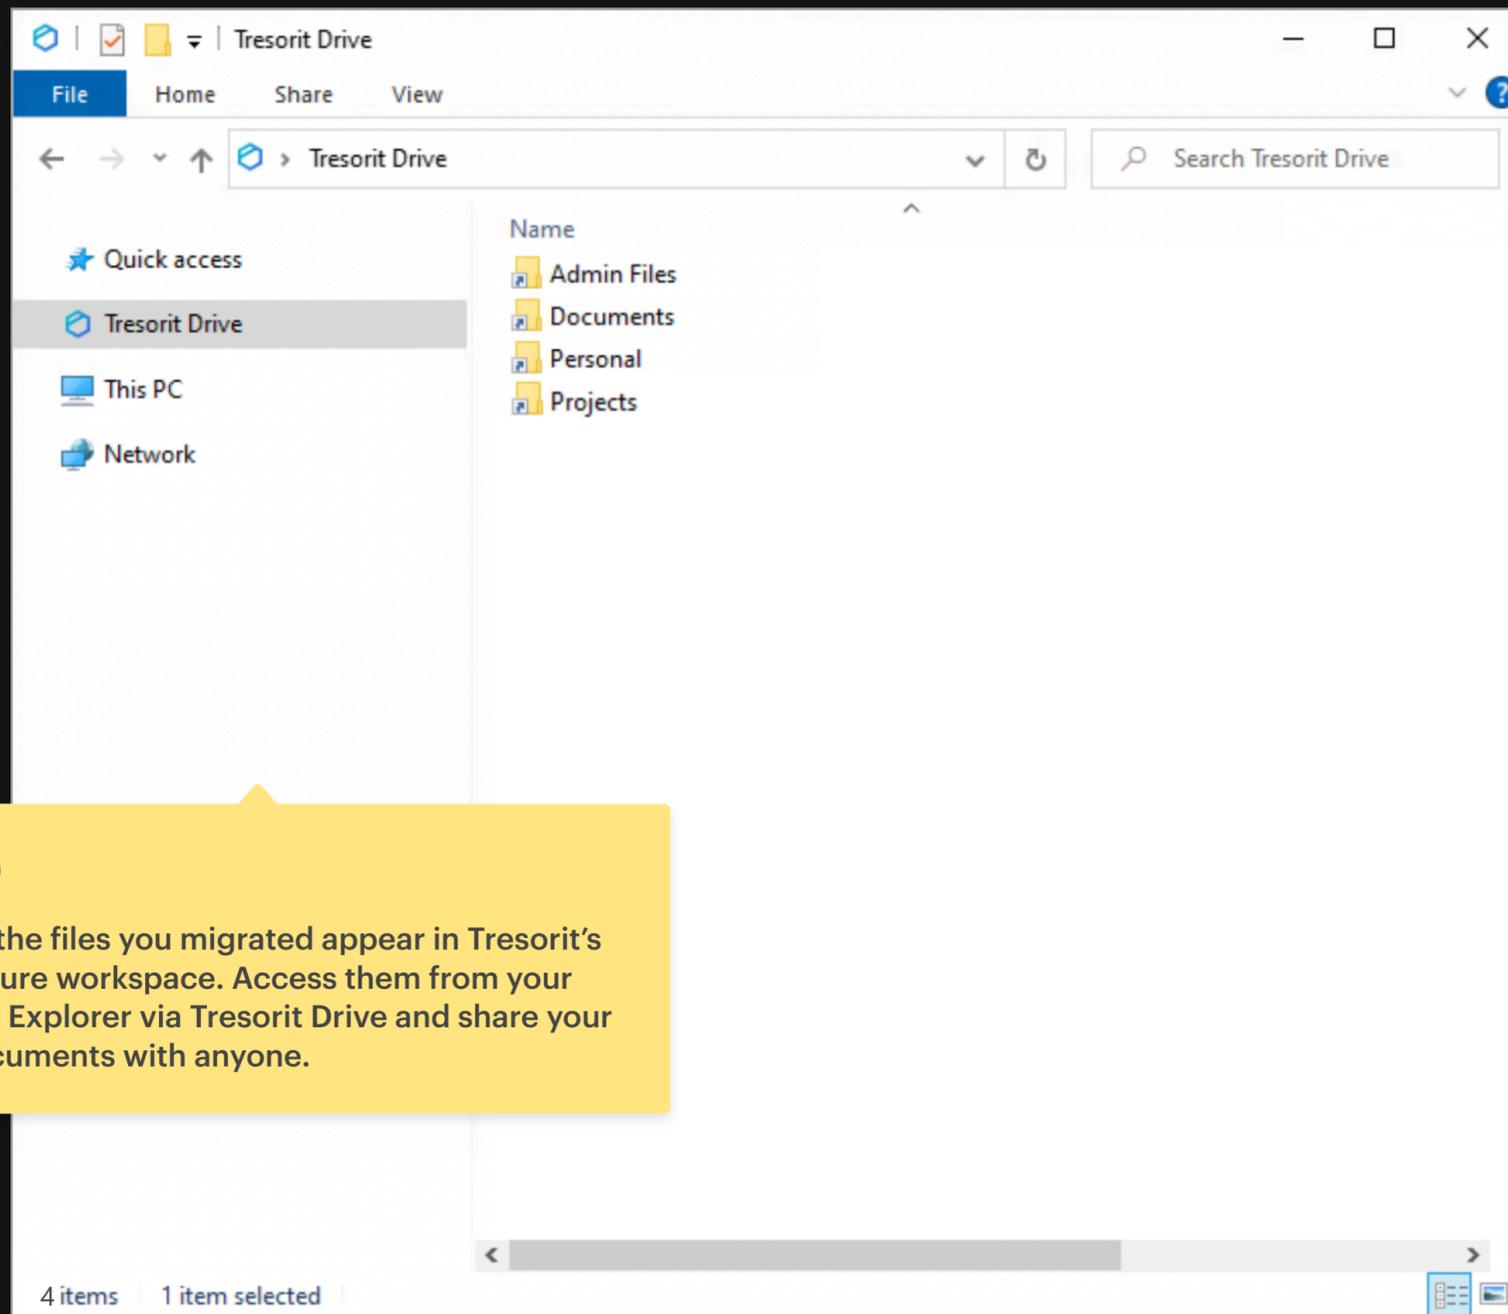

The screenshot shows the Tresorit application window. The title bar reads "Tresorit". The main interface is titled "All Files" and includes a sidebar with navigation options: "All Files", "Recents", "Shared Links", and "File Requests". The main content area shows a list of folders: "Admin Files", "Documents", "Personal", and "Projects", each with a green checkmark. A central notification dialog box is open, titled "Migration was successful". It features a graphic of a green circular arrow pointing to a blue Tresorit logo with a green checkmark. Below the graphic, it says: "To learn how to migrate permissions and how to get the most out of Tresorit, please see our comprehensive migration guide." and includes a button labeled "Go to Tresorit's Knowledge Base".

At the bottom left, a user profile for "Regina Cooper" is shown with a green checkmark and the text "All files synced". A yellow callout box with the number "9" points to this status, containing the text: "As the import finishes, the sync status will turn green."

At the bottom right, another yellow callout box with the number "10" points to the notification dialog, containing the text: "Follow our comprehensive guide created for Boxcryptor users to learn more."

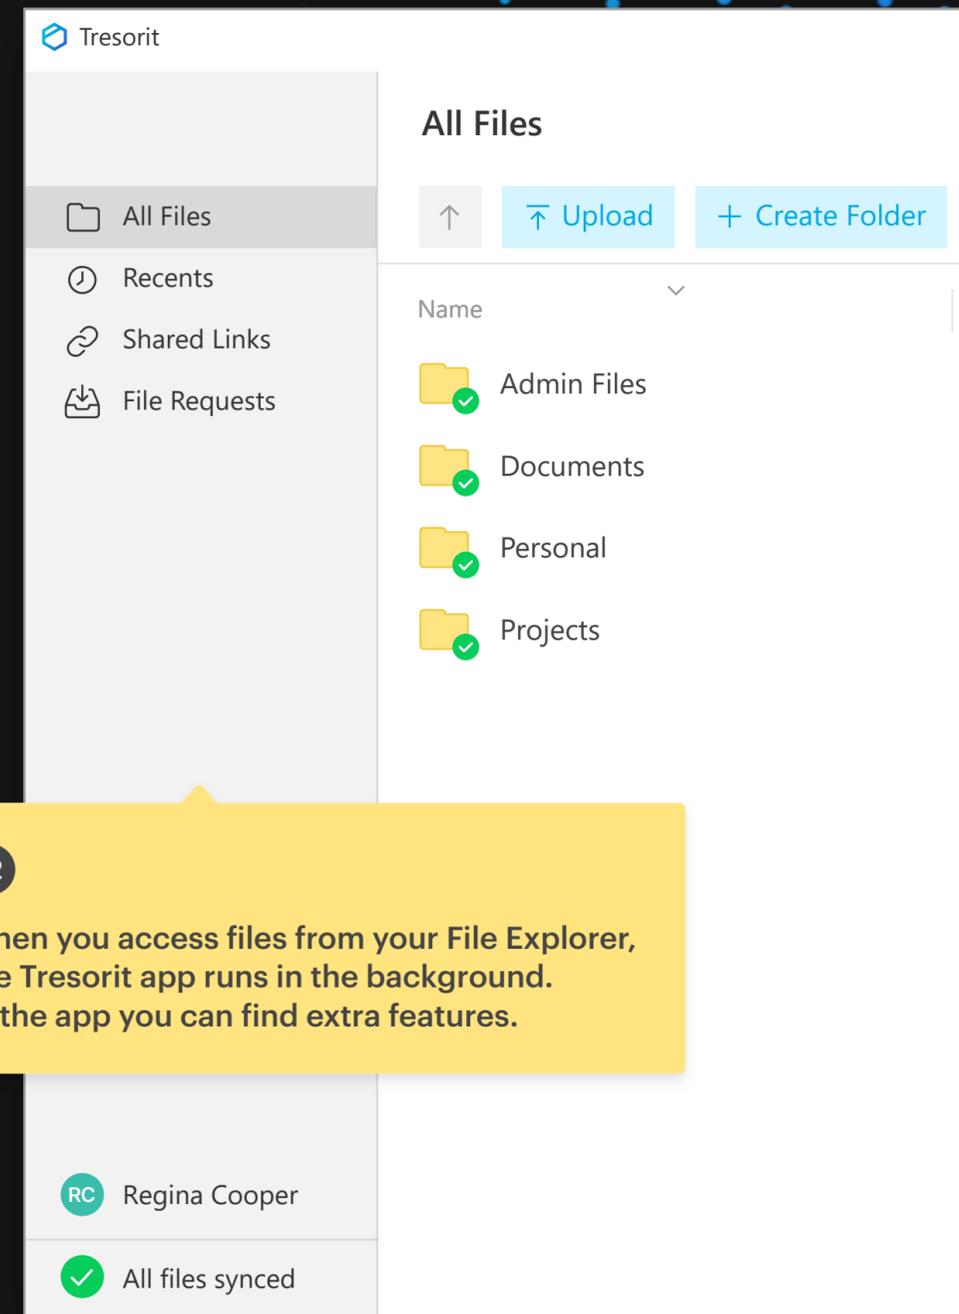

- 1 Download the Tresorit app
- 2 Migrate your data
- 3 Start using the Drive from your File Explorer

11

All the files you migrated appear in Tresorit's secure workspace. Access them from your File Explorer via Tresorit Drive and share your documents with anyone.

12

When you access files from your File Explorer, the Tresorit app runs in the background. In the app you can find extra features.

- 1 Download the Tresorit app
- 2 Migrate your data
- 3 Start using the Drive from your File Explorer

13

You can also access your files from Tresorit Drive, your browser, and our Windows, macOS, Linux, iOS, and Android apps.
